

# Zoo School

**ADVANCED: Habitats & Conservation**

## Is Coming To Denton!

**Attention Zoo School BASIC Graduates:  
Join us for more fun, hands-on, zoology  
enrichment classes in Fall 2010!**

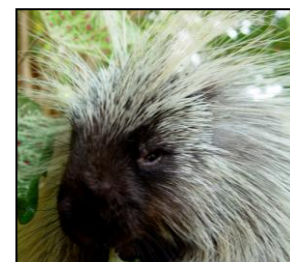

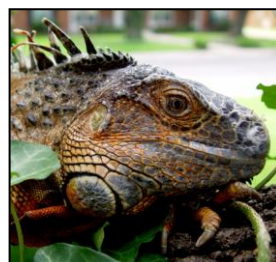

Zoo School **ADVANCED** is a **NEW** 12-week series of advanced hands-on zoology enrichment classes for 1<sup>st</sup>-5<sup>th</sup> grade students who have already graduated from Zoo School BASIC (or for students who have had previous exposure to 3<sup>rd</sup>-5<sup>th</sup> grade-level life science curriculum). This class will be offered **Fall semester 2010 in South Denton**. Now that your students are experts on the animal kingdom, it is time to study habitats and some critical conservation issues. As always, each 45-minute class will feature a combination of lecture, discussion and live demonstration animals. Each student is provided with follow-along student packets and take-home exercises. Students will also complete a semester-long independent project and will present it to the class. Perfect for young conservationists and aspiring zoologists!

### Class Location

Class will be held **Wednesday afternoons from 1:45-2:30 pm at Achievers Gymnastics, 3014 S Interstate 35 E, Denton, TX 76210**. Zoo School will be preceded by a gymnastics class for homeschoolers from 11:30 am-12:30 pm -- contact Achievers Gymnastics at 940-484-4900 to register. **Take advantage of two enrichment programs at the same location!**

### Zoo School **ADVANCED: Habitats & Conservation** (1<sup>st</sup>-5<sup>th</sup>)

Sep 15 - Unit 1: Desert  
Sep 22 - Unit 2: Grasslands – African Savanna
